Instruction

(a) For registration, the contractor shall submit along with a Checklist consisting all the information and details of documents an application in the proforma (Annexure A') to the Superintending Engineer (HQ) or to the concerned Executive Engineer as the case may be.

(b) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(c) The validity of the documents remains for one year; however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(d) Contractor should complete the following additional criteria under (i) and (ii) for the work done during last three years.

i) Contractors required registration in civil of class I, IA, II, III, IV&VVA shall be complete at least 50% works of Water Supply &Sewerage related works of the total required work done or at least one sizable work related with water supply and sewerage work where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration e.g. If Contractor required Civil registration of class I (unlimited amount), he should essentially be completed the single works of WS & Sewerage for the maximum amount of class II works(Rs. 750 lakhs) during last three years. Similar type of requirement is essential for other class registration.

ii) For registration in Mechanical and Electrical category for A, B & C class, Contractor shall complete at least 50% works related with the Water Supply and Sewerage works of the total required work done or any one sizable work related with water supply and sewerage works where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration. E.g. If contractor required registration in Electrical Mechanical category of class A (unlimited amount), he should essentially be completed the single works of Electrical & Mechanical related with WS & Sewerage for the maximum amount of class C works (Rs. 25 lakhs). During last three years. Similar type of requirement is essential for other class of registration.

iii) For calculation of required work done if contractor has submitted only Operation and maintenance works, or/and only reform works then these type of works cannot be considered. However if the capital expenditure is involved while executing the operation and maintenance works and Reform works then amount incurred on capital expenditure will be considered for work done during last three years.

Instruction

(a) For registration, the contractor shall submit along with a Checklist consisting all the information and details of documents an application in the proforma (Annexure A') to the Superintending Engineer (HQ) or to the concerned Executive Engineer as the case may be.

(b) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(c) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(d) Contractor should complete the following additional criteria under (i) and (ii) for the work done during last three years.

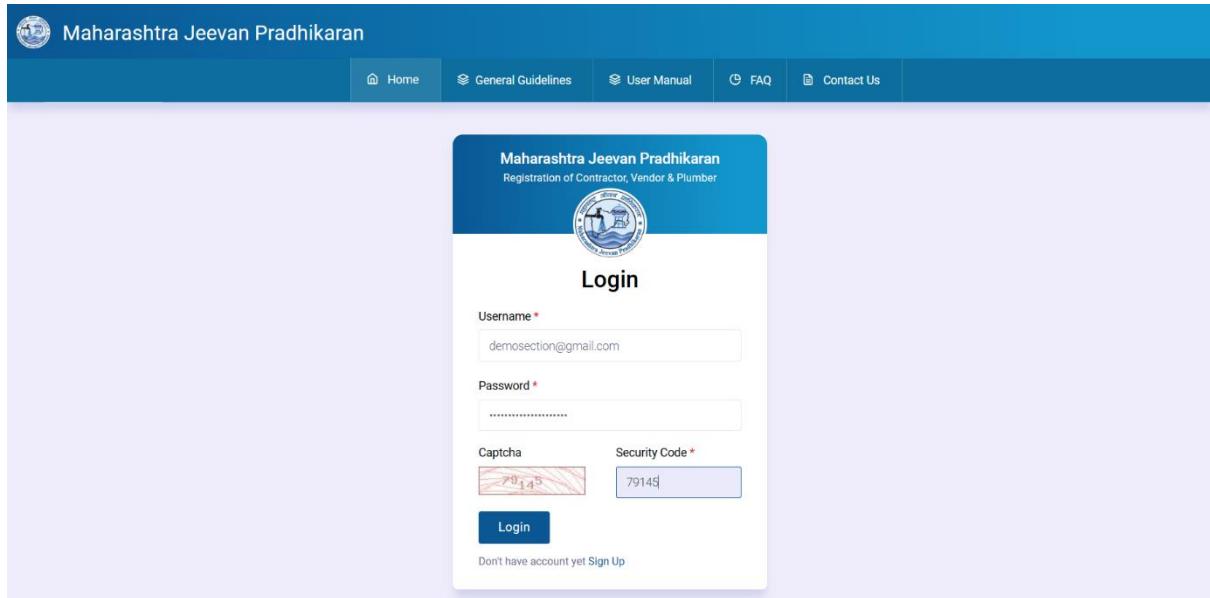

(i) Contractors required registration in civil of class I, IA, II, III, IV&IVA shall be complete at least 50% works of Water Supply &Sewerage related works of the total required work done or at least one sizable work related with water supply and sewerage works where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration e.g. If Contractor required Civil registration of class I (unlimited amount), he should essentially be completed the single works of WS & Sewerage for the maximum amount of class II works(Rs. 750 lakhs) during last three years. Similar type of requirement is essential for other class registration.

(ii) For registration in Mechanical and Electrical category for A, B & C class, Contractor shall complete at least 50% works related with the Water Supply and Sewerage works of the total required work done or any one sizable work related with water supply and sewerage works where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration. E.g. If contractor required registration in Electrical Mechanical category of class A (unlimited amount), he should essentially be completed the single works of Electrical & Mechanical related with WS & Sewerage for the maximum amount of class C works (Rs. 25 lakhs). During last three years. Similar type of requirement is essential for other class of registration.

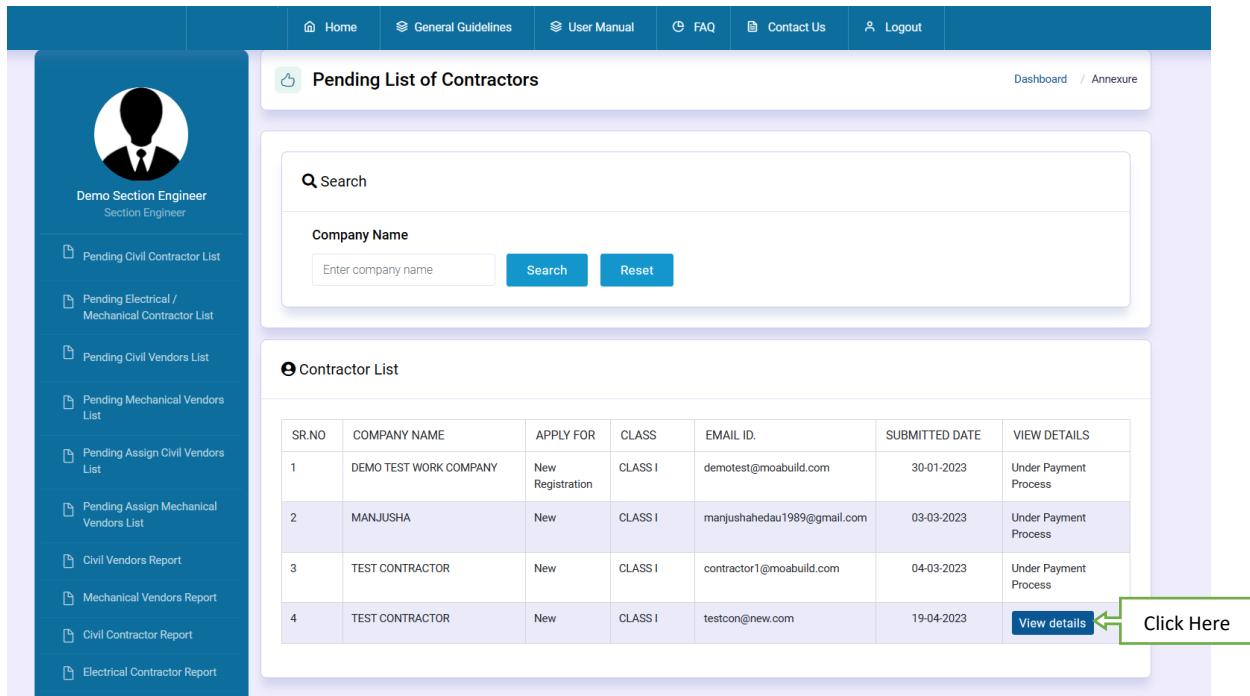

(iii) For calculation of required work done if contractor has submitted only Operation and maintenance works, or/and only reform works then these type of works cannot be considered. However if the capital expenditure is involved while executing the operation and maintenance works and Reform works then amount incurred on capital expenditure will be considered for work done during last three years.

Instruction

(a) For registration, the contractor shall submit along with a Checklist consisting all the information and details of documents an application in the proforma (Annexure 'A') to the Superintending Engineer (HQ) or to the concerned Executive Engineer as the case may be.

(b) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(c) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

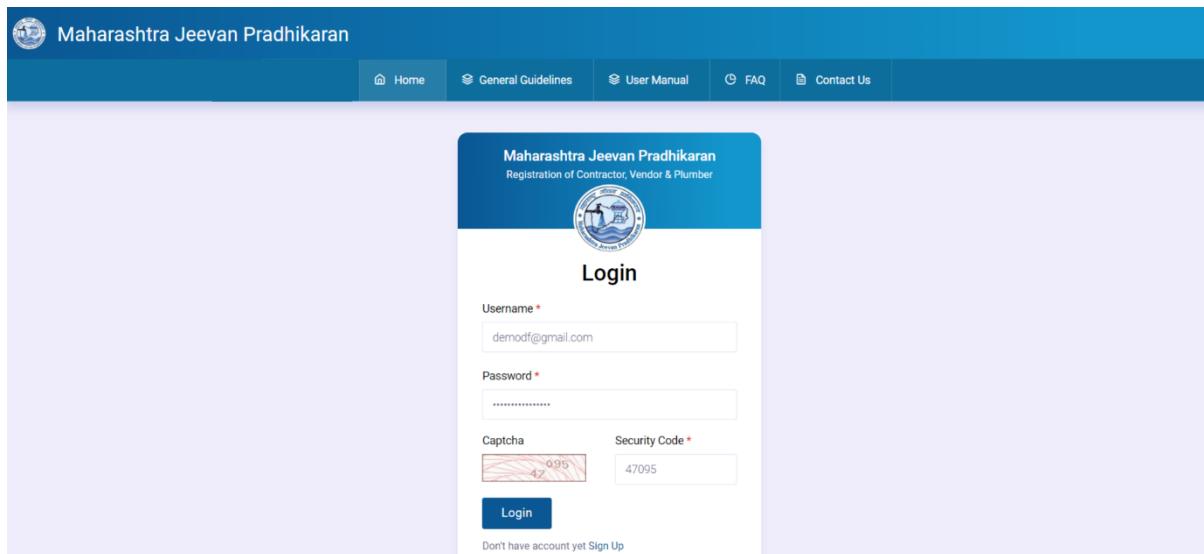

(d) Contractor should complete the following additional criteria under (i) and (ii) for the work done during last three years.

i) Contractors required registration in civil of class s I, IA, II, III, & IV shall be complete at least 50% works of Water Supply & Sewerage related works of the total required work done or at least one sizable work related with water supply and sewerage work where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration e.g. if Contractor required Civil registration of class I (unlimited amount), he should essentially be completed the single works of WS & Sewerage for the maximum amount of class II works(Rs. 750 lakhs) during last three years..Similar type of requirement is essential for other class registration.

ii) For registration in Mechanical and Electrical category for A, B & C class, Contractor shall complete at least 50% works related with the Water Supply and Sewerage works of the total required work done or any one sizable work related with water supply and sewerage works where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration. E.g. if contractor required registration in Electrical Mechanical category of class A (unlimited amount), he should essentially be completed the single works of Electrical & Mechanical related with WS & Sewerage for the maximum amount of class C works (Rs. 25 lakhs). During last three years. Similar type of requirement is essential for other class of registration.

iii) For calculation of required work done if contractor has submitted only Operation and maintenance works, or/and only reform works then these type of works cannot be considered. However if the capital expenditure is involved while executing the operation and maintenance works and Reform works then amount incurred on capital expenditure will be considered for work done during last three years.

3.5 Verification by Director Finance

Remaining registration fees

After approval from Approving Authority, applicant needs to login to complete payment process.

The screenshot shows the 'User Status' dashboard for a 'TEST CONTRACTOR'. The left sidebar includes links for 'User Status', 'Print KYC', 'Online Payment Receipts', 'Change Password', and 'Logout'. The main content area has a heading 'Take An Action' with a message: 'Dear Applicant, Please note that System Generated Certificate will generate. The certificate will be available for Print at applicant Login after approval. Please note that no hard copy of certificate will be sent by courier.' Below this is a button 'Click Here to Pay Remaining Registration Fees of Rs. 20000' and a green box containing the text 'Click here to pay remaining fees' with a green arrow pointing to it.

The screenshot shows the 'eazypay' payment mode interface. At the top, it displays 'Merchant : UAT MAHARASHTRA JEEVAN PRADHIKARAN 2.' and the date '20/04/2023 12:04:820'. The 'Payment Mode' section shows 'Net Banking' as the selected option. To the right, a table provides payment details: Transaction ID (2304201640987), Amount (Rs. 20000), Convenience Fee (Rs. 0.00), GST (Rs. 0.00), and Total Bill Amount (Rs. 20000.00). Below the table are fields for 'Mobile No.' (Optional) and 'Email ID' (Optional), and a 'Payer Name' field (Optional). A note at the bottom states: '*Please provide the mobile number for transaction communication & viewing transaction history.' Below this are radio buttons for bank selection: 'ICICI Bank Retail' (selected), 'ICICI Bank Corporate', and 'Other Bank'. At the bottom are 'Proceed Now' and 'Cancel' buttons.

CONTRACTOR'S REGISTRATION CERTIFICATE

Draft Certificate Before Finalization Not Forward

1	TEST CONTRACTOR hereby registered as an approved contractor in Maharashtra Jeevan Pradhikaran.
2	Registered contractor is now eligible to tender for the works having estimated cost put to tender as mentioned in details below, subject to prequalification criteria, if any.
3	Registered contractor will have to furnish an annual return for the period from April to March every financial year, before 30th April in the form as per Annexure-'G' of Rules for Registration, detailing therein the works tendered for and taken in hand in that year, for the purpose of review of registration.
4	At time of renewal of registration, registered contractor will have to submit the proposal as per the MJP's rules for registration of contractors.
5	Every change in the partners, leading technical employees, disposal of machinery, change in the name of firm/company and change in the address should be intimated to the Superintending Engineer (HQ), Maharashtra Jeevan Pradhikaran, 4th floor, Express Towers, Nariman Point, Mumbai as soon as such changes occurs.
6	In the event of failure to comply with any of the conditions mentioned above and those mentioned in the "Rules for Registration of Contractors", contractor's registration is liable to be cancelled.
7	During validity period of this registration certificate, if any document including work done certificates submitted by the contractor for registration is found false or blacklisted/debarred by any other competent authority, it will result in revocation of this certificate and black listing of contractor.
8	Within this registration validity period, contractor should complete the works allotted in MJP within stipulated time limit and of good quality. Proportionate progress of ongoing works must be shown as per schedule. Reasons for non completion of works must be given. Renewal of registration will be denied if reasons are not accepted by MJP. Necessary certificate in this regard from Executive Engineer of respective MJP division must be submitted during renewal of registration.
9	Contractor should be able to show his attempt to participate tenders published for MJP. The contractor must have to participate atleast in 5 tendered works in MJP. Necessary documents regarding participation in tender process must be provided during renewal of registration.
10	If above conditions are not fulfilled during submission of renewal of registration, the proposal of renewal will be rejected.

Instruction

(a) For registration, the contractor shall submit along with a Checklist consisting all the information and details of documents an application in the proforma (Annexure 'A') to the Superintending Engineer (HQ) or to the concerned Executive Engineer as the case may be.

(b) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(c) The validity of the documents remains for one year, however during scrutiny if any document is not observed as per rules of registration, the same will be intimated to the contractor. After conveying the remarks to contractor, he shall compliance the remarks within one month period failing which the proposal will be filed permanently and 50% registration fees will be forfeited.

(d) Contractor should complete the following additional criteria under (i) and (ii) for the work done during last three years.

i) Contractors required registration in civil of class I, IA, II, III, IV&VA shall be complete at least 50% works of Water Supply & Sewerage related works of the total required work done or at least one sizable work related with water supply and sewerage work where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration e.g. If Contractor required Civil registration of class I (unlimited amount), he should essentially be completed the single works of WS & Sewerage for the maximum amount of class II works(Rs. 750 lakhs) during last three years. Similar type of requirement is essential for other class registration.

ii) For registration in Mechanical and Electrical category for A, B & C class, Contractor shall complete at least 50% works related with the Water Supply and Sewerage works of the total required work done or any one sizable work related with water supply and sewerage works where the value of work is more than the maximum limit of the next two lower stage category in which contractor seek registration. E.g. If contractor required registration in Electrical Mechanical category of class A (unlimited amount), he should essentially be completed the single works of Electrical & Mechanical related with WS & Sewerage for the maximum amount of class C works (Rs. 25 lakhs). During last three years. Similar type of requirement is essential for other class of registration.

iii) For calculation of required work done if contractor has submitted only Operation and maintenance works, or/and only reform works then these type of works cannot be considered. However if the capital expenditure is involved while executing the operation and maintenance works and Reform works then amount incurred on capital expenditure will be considered for work done during last three years.
